Day 4 :- Ubud to Munduk: Macaques, Rice Terraces and the Floating Temple

Verdant Bali is dotted with terraced fields that cascade down hillsides, their lush greens shimmering in the sunlight. As you pass through small villages, you'll often catch the scent of incense wafting from temples and offerings placed along roadsides. Friendly locals greet you with warm smiles, and the sound of traditional gamelan music drifts from community gatherings, immersing you in the rich culture and tranquil beauty of inland Bali.

Drive northwest from Ubud to Munduk and make some amazing pitstops today. The first stop is at Sangeh Monkey Forest, a slightly crowded but equally as beautiful monkey forest. Watch the macaques play and admire the ancient Balinese architecture. The next stop is the famous Jatiluwih Rice Terrace, a UNESCO World Heritage Site, where we can enjoy a short walk through the rice fields. The last stop is at the breathtaking Ulun Danu Beratan Temple. Admire the floating temple with the stunning mountainous backdrop before driving to Munduk and checking into your OMG Stay.

Day 6 :- Flores: In search of the world's largest lizard

Imagine a lizard so big they call it a dragon. What sounds like a legend is actually real, endemic to Komodo National Park. The Komodo dragon is of course not an actual dragon, but as the biggest and heaviest lizard in the world, this great reptile has quite the global reputation. This large beast can only be found on five tiny islands in the center of the Indonesian Archipelago, with only about 3500 remaining in the wild. Over the next few days, take the unique opportunity to explore some of the tropical islands where these rare, endangered lizards live.

Leave the lakeside mountains of Munduk this morning and drive back to Denpasar Airport. A trip back toward the city is deserving of a stop in one of Bali's most famous temples, Taman Ayun. With dark pagodas that stand out against a bright green forrest backdrop, this is the perfect stop off before arriving to the airport. An afternoon flight brings us to the island of Flores. We'll meet our private transfer at the airport and they'll bring us to our hotel for a restful evening before our Komodo adventure begins!
Breakfast

Day 7 :- Komodo National Park Day 1: Pink Sand Beaches and Komodo Dragons

Traveling in Komodo is a rare and extraordinary adventure, where rugged landscapes meet vibrant coral reefs and unique wildlife, including the legendary Komodo dragons. The islands offer an unparalleled mix of natural wonders, from pink sand beaches to crystal-clear waters perfect for snorkelling among seemingly untouched marine ecosystems. Today explore Komodo Island and other small, neighboring islands on an unforgettable boating trip and a chance to see the infamous Komodo Dragon. Enjoy lunch on the beach, snorkel in the perfect water and soak up the sun before returning to Labuan Bajo for the evening.
Breakfast Lunch

Day 8 :- Komodo National Park Day 2: Snorkel and Trek

The largest lizard in the world, the Komodo Dragon weigh as much, or more as most adult humans. Spotting these ancient predators in their natural habitat, with their slow, powerful movements and intense gaze, is both thrilling and humbling, offering a rare glimpse into a prehistoric world. Enjoy the encounter as much as the adventure through Komodo National Park!

After rushing over the crystal blue water, arrive to rugged savannas and dense forests, where we'll meet a local ranger. Trek through Rinca Island in Komodo National Park to see the largest lizard in the world, the Komodo Dragon. After the opportunity to see them in the wild, snorkel through some of Indonesia's most incredible coral reefs at Manjarite and Kelor Island.
Breakfast Lunch

Day 9 :- Labuan Bajo to Candi Dasa: To Bali's Quiet Coast

A morning flight brings us back safely to Bali. We'll drive to the northeastern coast, stopping at the amazing Bat Cave Temple, Goa Lawah Temple, along the way. This afternoon we will arrive to Candidasa beach, one of Bali's best hidden gems. With one main road that connects the whole beachside town, you'll escape the busy, touristy towns for this quaint and picturesque fishing village. There's no place better to wrap up your trip than here.

Breakfast

Day 10 :- Sibetan Village: The Legacy of the Snake Fruit

When the active volcano Gunung Agung erupted in 1963, the farms and rice paddies of Sibetan Village were all but covered in ash and magma. Only one plant seemed to survive the tragedy, the Salak Palm and its sweet snake fruit. The villagers collected the Salak seeds and have since discovered 14 different species of snake fruit, 10 of which are considered extremely rare. On a bicycle tour through this village, have a chance to try the unique snake fruit and maybe even their snake fruit wine.

Breakfast Lunch

Day 11 :- Candi Dasa: Final Day in Paradise

One last day in paradise means another opportunity to lay on the Candi Dasa golden sand and watch the brightly colored fisherman boats drift along the horizon. It gives you one more day to take a dip in the turquoise sea and snorkel through the rainbow reef. One day more to hear the waves crash, to smell the frangipani blossoms in the air and to see the historic Balinese temples backed by lush green jungle. Explore or relax, it's however you want to spend your final day in paradise. Come together this evening for a farewell dinner to reflect on the magical Bali trip you've just had!

With a free day ahead of you, opt to spend the day however you'd like. Feel free to plan your own adventure. Or opt to snorkel through the turquoise Candi Dasa water.
