Tour Description

Embark on a journey of discovery with Sedunia Travel! Experience unique destinations, local culture, delicious cuisine, and unforgettable adventures. Our expert planners will take care of everything. Book now!

Tour Itinerary

Day 1 TROMSO (EMBARKATION) :- Day 1 TROMSO (EMBARKATION)

In the north of the Arctic circle you'll discover **Tromsø**, a secluded town located in the county of Troms. Norwegians call it the "Paris of the north". You'll soon see why when you discover its extensive neoclassical architectural heritage. A stunning example is the **Arctic cathedral**, a major monument whose stylistic purity echoes the outline of the mountains surrounding the town.

AT SEA ABOARD LE COMMANDANT CHARCOT :- AT SEA ABOARD LE COMMANDANT CHARCOT

Spend exceptional moments sailing aboard *Le Commandant Charcot*, the world's first luxury polar exploration vessel and the first PC2-class polar cruise ship capable of sailing into the very heart of the ice, on seas and oceans which the frozen conditions render inaccessible to ordinary ships. *Le Commandant Charcot* is fitted with oceanographic and scientific equipment selected by a committee of experts. Take advantage of the on-board lectures and opportunities for discussion with these specialists to learn more about the poles. Participate in furthering scientific research with PONANT and let us discover together what these fascinating destinations have yet to reveal to us.

SOUTH- WEST REGION OF SPITSBERGEN :- SOUTH- WEST REGION OF SPITSBERGEN

Set sail for **southwest Spitsbergen**, immerse yourself in this environment unlike any other and explore its unexpected riches. In this natural sanctuary, the polar light combines with the changing weather of the Arctic, a big blue sky, the horizon scattered with clouds, the enveloping mist erasing the border between the land and the sea. Follow in the footsteps of the first explorers and admire the majestic fjords and glaciers sculpting the breathtaking landscapes, their icy waters shimmering beneath the midnight sun. The fjords, veritable cathedrals of ice, reveal their millennial secrets, while the glaciers, like sleeping giants, move slowly towards the sea, setting free sparkling icebergs. On the water, you might spot belugas and rorquals, while on the shores, seals and Arctic foxes add a touch of mystery to this living tableau, where the steep cliffs become breeding grounds for thousands of seabirds, like guillemots. Southwest Spitsbergen is an ode to nature in its rawest and purest form.

LONGYEARBYEN SPITBERGEN :- LONGYEARBYEN SPITBERGEN

Beyond the Arctic Circle, **Alta**, in the far north of Norway, is the biggest city in Finnmark county. Alta will reveal itself to you at the end of the eponymous fjord, Altafjorden. The region offers a mix of forest, mountainous and coastal landscapes. It is on the verge of obtaining the “sustainable destination” label, a national label awarded to destinations that are committed to a sustainable approach to tourism for the long term. Alta invites you to experience unique moments, whether meeting the **Sami people** ? reindeer herders who have ancestral traditions and yet embrace modernity ? or during walks, snowshoe hikes or dog sledding, depending on the season.

NY-ALESUND SPITBERGEN :- NY-ALESUND SPITBERGEN

During your cruise, discover **Ny-Ålesund**, a former mining town that has been transformed into a scientific base. Founded in 1916, this small town was the departure point for many Arctic expeditions, including those of the famous explorer **Roald Amundsen**. Don't miss a visit to the museum and its famous post office, considered to be the most northerly in the world!

NAVIGATING THROUGH THE SEA ICE :- NAVIGATING THROUGH THE SEA ICE

Enjoy the absolutely unique experience of sailing to the heart of the **ice floe**, this **vast expanse of virgin, immaculate ice**. The landscapes are constantly changing, shifting from a smooth, flat wilderness to a chaos of ice, then to channels of open water. Your ship will sail along these naturally open channels and through the areas where the frozen layer is thinnest, offering you the chance to experience magic maritime moments in the midst of drifting sea ice. It will also often be an opportunity to see a particular kind of fauna, totally dependent on the ice floe.

NORTH-WEST REGION OF SPITSBERGEN :- NORTH-WEST REGION OF SPITSBERGEN

A kingdom of contrasts and natural marvels dotted with islands and peninsulas, northwest Spitsbergen fascinates with its preserved beauty. On these pristine lands, infinity unveils itself, treating the eyes to beauty sculpted by nature and enhanced by the changing light. The fjords bathed by icy waters, the jagged mountains and the imposing glaciers stand majestically before you, like monumental sculptures. In these lands, where souls are filled with deep serenity, only the murmur of broken ice, bearing mysteries and legends, disturbs the calmness. Aboard our Zodiacs and in the company of naturalist-guides, get as close as possible to this unique fauna and discover this centre for scientific expedition departures. In the distance, majestic whales glide silently through the glacial waters, whereas seals, walrus and Arctic foxes add a playful touch of life. As Svalbard reindeer wander the vast expanses, Arctic terns liven up the polar sky with their gracious flight and polar bears, which you may be lucky enough to see, patrol magnificently along the icy shores.

SOUTH-WEST REGION OF SPITBERGEN :- SOUTH-WEST REGION OF SPITBERGEN

Set sail for **southwest Spitsbergen**, immerse yourself in this environment unlike any other and explore its unexpected riches. In this natural sanctuary, the polar light combines with the changing weather of the Arctic, a big blue sky, the horizon scattered with clouds, the enveloping mist erasing the border between the land and the sea. Follow in the footsteps of the first explorers and admire the majestic fjords and glaciers sculpting the breathtaking landscapes, their icy waters shimmering beneath the midnight sun. The fjords, veritable cathedrals of ice, reveal their millennial secrets, while the glaciers, like sleeping giants, move slowly towards the sea, setting free sparkling icebergs. On the water, you might spot belugas and rorquals, while on the shores, seals and Arctic foxes add a touch of mystery to this living tableau, where the steep cliffs become breeding grounds for thousands of seabirds, like guillemots. Southwest Spitsbergen is an ode to nature in its rawest and purest form.

SAILING ALONG BJORNOYA (BEAR ISLAND) :- SAILING ALONG BJORNOYA (BEAR ISLAND)

Halfway between Norway and Spitsbergen, you will sail not far from the coastlines of **Bjørnøya**, the southernmost island of Svalbard. From your ship, observe this isolated piece of land discovered in 1596 by the Dutch navigator Willem Barents, then looking for the Northwest Passage. Following a tough fight between a polar bear and the members of the expedition, he dubbed the place **Bear Island**. Regularly covered by a thick layer of fog, Bjørnøya shelters a meteorological station built in 1923, which is still in operation. Declared a **nature reserve** in 2002, the island is above all home to an **enormous colony of sea birds**: skuas, guillemots, puffins, Tridactyl gulls, petrels, gulls and little auks all coexist here.

HONNINGSVAG :- HONNINGSVAG

If you feel like you have arrived at the end of the world in **Honningsvåg**, it is because this is the case. Halfway between Oslo and the North Pole, it competes with **Hammerfest** for the status of “the northernmost town in Continental Europe”. Colourful houses light up this charming and typically Norwegian fishing port nestled in the hollows of the region's mountainous terrain. Travellers come to stay in the village to go to the **North Cape**. At the end of the road, you will see the globe that indicates that you are at the very end of Europe. At this point, only the Svalbard archipelago separates you from the North Pole. There is sea as far as the eye can see. The Northern Lights, the view of the immense cliff plunging into the sea, the thousands of puffins, gannets and cormorants that spin around you: everything here is grandiose.

TROMSO (DISEMBARKATION) :- TROMSO (DISEMBARKATION)

Embarkation in Reykjavik Arrival early morning after breakfast

Disembarkation at 7:00 am
